

VISHWAKARMA GOVERNMENT ENGINEERING COLLEGE, CHANDKHEDA

Report of Workshop on "Python Programming: Theory and Practical Approach"

Name of Department/Organizer	:	INFORMATION TECHNOLOGY DEPARTMENT
Date & Time	:	21/2/2018
Venue	:	VGEC, L Block (seminar hall)
No of Participants	:	60

• Objective of the Event

Department had organized a workshop on Python Programming: Theory and Practical Approach for 4th and 6th semester students. The seminar was delivered by Industry experts from NIIT, Ahmedabad.

• Outcome of the Event

Following contents were covered during workshop:

- ✓ Introduction and Installation of Python
- ✓ Variables, Numbers
- ✓ Strings, List
- ✓ Conditional and Looping Statements
- ✓ Introduction to Function and Modules
- ✓ Dictionary and Tuples
- ✓ Exception Handling in Python
- ✓ Introduction to OOP with Python.

This programme was intended to provide basic knowledge of Python which helped the students in developing good applications. It was hands on workshop where students were doing the exercises simultaneously with theory sessions.
