

VISHWAKARMA GOVERNMENT ENGINEERING COLLEGE, CHANDKHEDA

Report of Workshop on "Jquery and E-Commerce"

Name of Department/Organizer	:	INFORMATION TECHNOLOGY DEPARTMENT
Date & Time	:	18/01/2018
Venue	:	VGEC, IT Department
No of Participants	:	45

• Objective of the Event

This workshop was intended to provide student knowledge of latest technologies and important skills required for a level to compete in the current market to 6TH Sem students. This workshop helped students to have an overview of how to use Jquery and installation of Magento, with front end/back end along with hands-on experience on the admin panel.

• Outcome of the Event

The Session was conducted by Mr. Royson Rajan (Founder and Managing Director) from Atlas SoftWeb Pvt Ltd, Ahmedabad and Mr. Elvin Mclean (Project Manager) from Atlas Softweb.

Following contents were covered during workshop:

Session 01

1. Introduction to Jquery
2. Form validation

Session 02:

3. Magento Installation
4. Overview of Front End and Admin Panel.

This workshop proved to be beneficial to student as per their response. And they included a combination of knowledge of the current technological programs for students in 2017-2018, their personal industrial experience which helped students in gaining knowledge of current market trend in technology.
