

VISHWAKARMA GOVERNMENT ENGINEERING COLLEGE, CHANDKHEDA

Report of GUJCOST Sponsored Hands on Workshop on “Raspberry Pi and it’s Application”

Instrumentation and Control Engineering Department has organized “Hands on Workshop on Raspberry Pi and Its Application” from 2th to 6th January, 2018. Total 55 students from various Government Engineering Colleges of Instrumentation & Control Engineering department participated in this workshop. Dr. Anil Bharadwaj, Director, Physical Research Laboratory, graced this occasion as the Chief Guest. Main focus of the workshop was to do hands on practical with Raspberry Pi and Arduino platform. Learning this platform might help students in rapid prototype development their project. The workshop was concluded with innovative idea shared by students. In the valedictory session, best two innovative ideas appreciated by prizes and all participants awarded certificates by Guest of Honour Shri Janak Khandwala, President of SFI, GTU and Dr. R.K. Gajjar, Principal, VGEC.
