

## VISHWKARMA GOVERNMENT ENGINEERING COLLEGE, CHANDKHEDA

### A Report on Celebration on World environment day by NSS VGEC

Name of Department/Organizer	:	NSS VGEC
Date & Time	:	5/07/2020 to 13/07/2020
Venue	:	□□□□□ જાણ
No of Participants	:	200 on social media

### □□□□□ જાણ Let's nurture the nature

This year NSS VGEC celebrated the World Environment Day in the form an event Azaf \*t which went on for a period of 9 days from June 5, 2020. 9 Environmental issues which required urgent action were identified. With the aim to resolve 1 environmental issue per day, volunteers were given action plan which they could execute at individual level .With the guidance of our generous Mentors and the efforts of our Eco soldiers, our volunteers our aim to Replenish mother Earth came true. Our Mentor Dr. Alpesh Dafda said "As we mark a most unusual WorldEnvironmentDay, it is time to remember that when we protect the planet, we protect ourselves. It is time #ForNature because this will help us: Lower risk of future pandemics Slow climate change #BuildBackBetter and healthier than before".

Principal of VGEC , Dr. N. N. Bhuptani shared the words of wisdom, "The country in need for the youths that are socially responsible and it gives a very proud feeling that the responsibility of providing socially aware and responsible youths is been carried out by NSS."

### Day – 1: Enhancing Biodiversity

With the theme of Enhancing Biodiversity our volunteers planted and watered tree in their neighbourhood.

## **Day – 8 : Land Pollution**

Use of chemicals fertilizers, dumping waste in landfills and and leachate flowing into the soil led to land pollution. NSS volunteers encouraged others to take up organic farming, to grow more trees to reduce soil erosion and manage waste wisely instead of dumping it.
