● **About Visit**

First of all , the representative of Andhjan Mandal gave us quick information about Andhjan Mandal. How it works, how it manages, how they do activities, how they are helped financially, etc . They informed us that they have all facilities in their campus. There have well educated teachers, good teaching system for blinds and physically challenged and mentally challenged students.

- **THE WORKSHOP FOR THE BLINDS**

There is a whole workshop for blinds, Andhjan Mandal don't totally depend on donations , they work and get money . There are three departments. First one is printing press where they print newspapers or books or pages. Second one is clothes department where they make clothes and other things from fabrics. Third one is like factory where they make equipments for blinds and they make furniture also. They get the solid material, work on it and sell it.

- **VISION IN THE DARK**

Vision in the dark was very thrilled experience of our life . in this experience , we all felt how blinds are living their life ,how they cross road or how they identify anything or how they watch movies or how they see the world with other four senses , there was a guide who led us in the portion , he was also a blind but he was more confident than us. we loved this experience . Really we learned how blinds do with their life.
