

VISHWAKARMA GOVERNMENT ENGINEERING COLLEGE, CHANDKHEDA

Report of Workshop on “Advanced JAVA Programming”

Name of Department/Organizer	:	INFORMATION TECHNOLOGY DEPARTMENT
Date & Time	:	27/3/2017 to 1/4/017 (5 Days)
Venue	:	VGEC, L Block (seminar hall)
No of Participants	:	40

• Objective of the Event

This workshop was intended to provide participants with a detailed knowledge about various concepts of JAVA. Workshop was organized to provide a platform for the participants to explore their programming skills in the field of application development.

• Outcome of the Event

Prof. Anoop Patel, Prof. Jashvant R. Dave and Prof. Naimisha Trivedi (VGEC) had conducted sessions in workshop.

Following contents were covered during workshop:

- Implementation of Servlet Concepts & Filters
- Understanding JSP and State management
- MVC Architecture in JSP
- Hibernate Framework
- Network Programming using JAVA
- Remote Method Invocation (RMI)

This workshop proved to be beneficial to student as per their response. In workshop, advanced concepts of JAVA were taught to design web application in effective manner. The contents of the workshop were helpful to students in Project work. All the sessions were interactive and practical.
