

VISHWKARMA GOVERNMENT ENGINEERING COLLEGE, CHANDKHEDA

Brief Report on Webinar on Electro pneumatic system for Automation

Name of Department/Organizer	:	Instrumentation & Control
Date & Time	:	28/04/2020
Venue	:	Online Platform
No of Participants	:	More than 100 students and faculties

• Objective of the Event

The greatest advantage of electro pneumatics is the integration of various types of proximity sensors [electrical] and PLC for very effective control. As the signal speed with electrical signal, can be much higher, cycle time can be reduced and signal can be conveyed over long distances.

• Outcome of the Event

Gain the knowledge about Electro pneumatic system for Automation

Learn the Hardware and software development of Electro pneumatic system for Automation

• Event Photographs
