| Name of Department/Organizer | : | Mechanical Engineering Department                           |
| Date & Time                  | : | 16/02/2019  |
| Venue                        | : | Sardar Patel Renewable Energy Research Institute (SPRERI) : |
| No of Participants           | : | 38+02   |

#### • Objective of the Event

8<sup>th</sup> semester students of **Mechanical Engineering Department** of Vishwakarma Government Engineering College Chandkheda visited SPRERI, situated in V V nagar. These visit falls under major activity head of “**Technical/ Research skill**” with sub-activity head of “**Industrial / Exhibition Visit with Report**”. The visit was organized for two days on **16/02/2019**. **Total 38 students (38 boys)** took benefit of this industrial visit. These students were accompanied by following faculty members.

- Prof. S A Solanki
- Prof J M Parmar

#### • Outcome of the Event

It was a great experience to watch how the renewable energy can produce power which can eliminate the no -renewable sources and thus reduces the pollution and our reliability on the later sources. The efficiency was increased by the methods used by the projects displayed and thus reliability on renewable sources can be increased.
