• **Objective of the Event**

- Information Technology Department had organized a hands on workshop on JAVA Spring Framework in collaboration with VGEC Alumni Association (VAA) for 3rd Year students on 04/04/2019 on L-201. This workshop was been delivered by Dr. Payal Chaudhary, Assistant Professor (CE), LDRP-ITR. This workshop was intended to provide students with a detailed knowledge about Spring Framework of Advance JAVA. Objective of this workshop to understand the scope, purpose, and architecture of spring, use spring’s Inversion of Control to declare application components, rather than hard-coding their states and lifecycles, use Dependency Injection to further control object relationships from outside the Java code base.

• **Outcome of the Event**

- Topics like Spring, Spring Architecture, bean life cycle, XML Configuration on Spring, Aspect – oriented Spring, Managing Database, Managing Transaction where covered during the session. This workshop proved to be helpful for 3rd year students in web based project development.
