

VISHWAKARMA GOVERNMENT ENGINEERING COLLEGE, CHANDKHEDA

A Report on Live screening of PARIXA PE CHARCHA by NSS VGEC

Name of Department/Organizer	:	NSS VGEC
Date & Time	:	20th January 2020
Venue	:	VGEC
No of Participants	:	30

• Objective of the Event

Pariksha Pe Charcha 2020 is the movement started by our honourable Prime Minister Shree Narendra Modi to inspire children to do things that bring out inner potential. Live screening of the session was organized by NSS VGEC for students of VGEC. Around 70 students enthusiastically took part in it.

Glimps of charcha or we can say points which touched to the students are as below...

PM Modi has started his talk with wishing New Year to all students on the new decade and added "Those who are in 10th and 12th standard right now will contribute the most in this decade for India," During interaction he showed interest towards hackthons which showcase the power and talent of India's youth. Further he made students comfortable by talking about '#withoutfilter'. With this he prepared youth to talk frankly by saying "Nowadays it is fashionable to say "#withoutfilter". So, let this discussion also be free, light-hearted and interesting.

Further with encouraging students he said that we could add enthusiasm to every aspect of life. A temporary setback does not mean success is not waiting. In fact, a setback may mean the best is yet to come. Again he gave more focus on knowledge than marks and also appreciates co-curricular activities and importance of management for balancing both. He also urged students to spend at least one technology-free hour every day. Choose one room where technology will have no entry and advised to stay updated with trends.

He motivated students by saying that, Today, He was talking to students who would be playing a key role in India's development in 2047, when we mark a hundred years since independence. And he hopes this generation takes it upon themselves to act on some of the fundamental duties enshrined in our Constitution. He concluded by advising student to be confident about their own preparation during examinations. Do not enter the exam hall with any sort of pressure. Do not

worry about what the others are doing. Have faith in yourself and focus on what you have prepared. It was such an affective and motivational session for growing youth like us.
