| | | |
|------------------------------|---|------------------------|
| Name of Department/Organizer | : | Mechanical Engineering |
| Date & Time | : | 04/08/2018 10:30 AM |
| Venue | : | M103 |
| No of Participants | : | 35 |

- **Objective of the Event**

The main objectives of this event are,

- 1) To conduct workshop for engineering students to prepare them campus placement.
- 2) To make students understand how to prepare resume
- 3) To prepare students for Group discussion and personal interview
- 4) To discuss common questions and their answers asked in interview
- 5) Resume building
- 6) Group counseling and interaction
- 7) To prepare students industry ready

- **Outcome of the Event**

The outcome of the event was very positive. All the participants have gained the knowledge of how to build the resume and how to present it creatively and effectively in front of the interviewer.

This event was organized under IEI Student's Chapter and was managed by IEI student committee members. The speaker for this event was Dipa Shah Madam. She is a certified trainer and currently working as a HR Manager Head at Rajvi Enterprises. The whole workshop was very lively because all have performed many different activities and gained knowledge from those activities. All the participants have gained about how to use things optimally, how to be creative, how to survive in the market, how to present your ideas, different FAQs asked in the interview, etc. Overall, the workshop was ended with a fruitful and positive feedback from all the participants.
