

VISHWAKARMA GOVERNMENT ENGINEERING COLLEGE, CHANDKHEDA

Brief Report on “Industrial Visit to Electronics and Quality Development Center (EQDC)”

Name of Department/Organizer	:	Electrical Engineering Department.
Date & Time	:	29/09/2018 at 09:00 AM
Venue	:	Electronics and Quality Development Center (EQDC)
No of Participants	:	37

• Objective of the Event

- On 29th September 2018, an industrial visit for “Electronics and Quality Development Center (EQDC)” was organized as a part of student’s curriculum for “Electrical and Electronics Measurement” for 7th semester electrical engineering department. This visit was carried out under the major activity head of “Technical / Research Skill” and sub-activity head of “Industrial/Exhibition visit with report”. Total 37 (4 female students and 33 male students) participated in this industrial visit. This EQDC industrial visit for students was guided and accompanied by Prof. H.N. Zala and Prof. M. L. Patel. The main focus of this industrial visit is to fill the bridge between technical concepts taught in curriculum and industry applied concepts. Various technical concepts were discussed with the students which are applied in the field of E&EM.

• Outcome of the Event

- All students reached EQDC by 11:00 AM on 29/09/2018 along with faculty coordinators. The students were guided to the basic knowledge of electrical and electronics based measuring equipments and calibration and state of art technologies used for calibration of various meters. All students were divided into small batches of 20. Training supervisor from EQDC accompanied students group and showed them control room, line production of drives and calibration units etc. Depending on the data and details given

from EQDC supervisors, students were instructed to prepare brief report of industrial visit as a part of their submission work for E&EM.
