Women in Engineering

*There was a Program "Women in Engineering" held at 'A' block, Auditorium at Vishwakarma Government engineering college on 4th February, 2017 by **Mr. J.C. Patel**. The program started with warm welcome of honorable speaker by Prof. S P Sapre (I/C Principal, VGEC) with bouquet of flower and round of applause by audience. Ms. Vina Thaker introduced Mr. J C. Patel, Yoga instructor and Director of "We Care Organization". He explained significance of Yoga, techniques for relieving stress, laughter therapy. And he concluded his session with peaceful meditation which is highly useful for the women for balancing and maintaining their health and energy level in the highly challenging working environment of Engineering and Indian society. There were around 150 registrations from our college for this program. Girl students & lady faculties both have participated in this Program. Program ended up with vote of thanks delivered by Prof. Rozina Surani.*
